

Proposed Solution

<div>Problem Statement</div> <div><div>Plasma Donar Application cannot run without internet</div><div>The request can sent only to the active members</div></div>	<div>Solution</div> <div><div>The user data can be saved in cloud</div><div>The request can sent through Email and SMS</div></div>
<div>Uniqueness</div> <div><div>We can get the users data at anytime anywhere.</div><div>We can directly contact the donars at emergencies</div></div>	<div>Customer Satisfaction</div> <div><div>This application is easy to find donars in nearby location.</div><div>This application is very helpful to find donars at critical time.</div></div>
